Hi Gary,

Hope all is well with you. I miss not having you around.

Our contractor (CB&I) notified me a few weeks ago that all of the waste that we transported from the CES site has been properly disposed and the vacuum boxes have been cleaned and returned to the rental company. Is this consistent with what you have been told? If not, then let me know please as I imagine they will be invoicing us soon.

I've attached a copy of the CES Removal Action Report for you.

Thanks and give me a call next time you're down this way,

Terry
